Build things. Nomad.

SKILLS

JavaScript

Master

NodeJS React

HTML / CSS

Master

Swift

Master

AWS

Master

WORK EXPERIENCE (3)

Software Engineer at Lona

Dec 2019 - Current

📍 Remote

A collection of tools for building design systems and using them to generate cross-platform UI code, Sketch files, and other artifacts

Developer Platform Software Engineer at Sketch

Oct 2017 - Aug 2019

📍 Remote

Devised and implemented a plan to improve the plugin ecosystem of Sketch (leading UI design tool). That involved everything from writing an API, developer tools, documentation and tutorials to speaking to conferences and creating plugin examples

- Built an stable API which allow plugins to work across multiple Sketch versions
- Created a bunch of internal tools for the QA team and CS team

First Employee & Dev lead at Enki

Apr 2015 - Invalid date

📍 London, UK

Developed the application but also set up the infrastructure and the Continuous Integration / Deployment system

- Took the React application from 100 to 200,000 users
- Managed a team of 5 other developers

PROJECTS (5)

Timelense

Feb 2020 - Feb 2020

<https://timelense.app>

Capture and share moments in a meaningful, personal way with Timelense: the postcard that comes to life with a sprinkle of magic (and a touch of AR)

Medium to Own Blog at Open Source

Jun 2019 - Jun 2019

<https://github.com/mathieudutour/medium-to-own-blog>

Switch from Medium to your own blog in a few minutes.

- Mentioned on vice.com (https://www.vice.com/en_us/article/mb85ap/this-tool-lets-you-easily-dump-medium-for-a-personal-blog)

Slacking Pigeon at Open Source

Sep 2017 - Sep 2017

<https://github.com/mathieudutour/slacking-pigeons>

Lets chat in real time with your users directly from Slack. No need for another tool, everybody can jump in to answer a question.

Kactus at Open Source

Jun 2017 - Jun 2017

<https://kactus.io>

Version Control for designers, allowing the same engineering workflow as developers, on the same platform

Skpm at Open Source

Aug 2016 - Aug 2016

<https://skpm.io>

Command line tool to streamline the Sketch plugin developer experience

- Now the official tool for plugin developers

VOLUNTEER

Coach at codebar

Jan 2016 - Jan 2016

Non-profit initiative that facilitates the growth of a diverse tech community by running regular programming workshops

EDUCATION (2)

Master of Science Software Engineering & Technical Computing at Cranfield University

2014 - 2015

Engineering Diploma General Engineering Sciences at École Centrale de Lille

2011 - 2015

PUBLICATIONS

Design engineers

18 Dec 2018

In the last couple of decades, “people who code” went from “developers” to “software engineers”, and in the next couple of decades, “designers” will become “design engineers” in a similar fashion

Yes, Designers can use git too!

9 Mar 2016

How to go from a messy Dropbox folder to a modern collaborative workflow using git
